SU JANG

NEW ROSE CATERING

The owner of New Rose Catering grew up in her family's Chinese restaurant. Her father told her to learn to cook and she would always have a job. New Rose Catering was formed after Su was laid off from her healthcare marketing position and remembered her father's words and quickly began helping Oak Park, River Forest, and Forest Park busy families answer the dreaded "What's for dinner?" question.

In addition to providing weekly dinners as a personal chef, New Rose Catering also provides delicious and fun twists on classic dishes for event catering.
